At the Method at church yesterday morning Rev. Ramey discussed the oversight God has over us, and His interest in u. Christ saw His disciples a ruggting with the waves and tempest in the midst of the Sea of Galilee and came to them and saved them from their perils. He can be "touched with a feeling of our rafirmiti-s." In the eve ing his subject was "Visione." A men's life is used scoording to the vision he has of the meaning and utility of life. Mre. Mansheld, assisted by male voices, rendered a beautiful medley entitled "Ine Sinner and the Sing." Old Way-Side Cross" was acceptably rendered by a male quartet composed of Mesers. Gibson, Ramey, Stewart and Rowden. Upon his next Sabbath at Tombetone, May 25, Rev. Ramey will preach a Memorial Day sermon to which all veterans are especially invited. Special patriotic music will he prepared by the choir and male quartet for this service

TOMBSTONE VICTORS IN BALL GAME

Interesting Game Between Development Showing Valua-Tombstone and Huachuca

The bearts of the Tombetone ball made glad yesterdey afternoon at the result of the game between the 1 cal nine and a nine from the 14th cavalry stationed at Ft. Huschuca, the score resulting in a favor of 19 to 22 to the Tombstone boys.

Long before the game started the bleachers and the grand stand were fi lad with an enthusiastic growd of moters to cheer the boys to victory and their efforts were successful

The game started with Huarbuce at the bat. The first man bit the ball toward third and reached the initial bag. The second man failed to meet the ball and was retired on three strikes. The third batter wathrown out at first, as was his follower, thus retiring the side.

For Tombetone Welch was given base on balls, Kirlew being thrown out at first. Wales and Beverage were presented with a base on balls, they, with Welch scoring on passed ballwhile M. Welon and Rafferty were fanning the breezes. The worder from the crowd as the boys crussed the plate was something tremendou

In the e-cond inning the boys is blue struck a batting streak and serieted by errors, succeeded in mak ing six runs before they were retired. The locals in their half succeeded in getting four men scross the rubber the score standing at the end of the inning, 7 to 6.

In the third inning Huechuca fail ed to score while the locals added our more to their number. In the fourth Tombetone scored three and Husebuce two while in the fifth the tale was reversed. In the sixth the Tombstone scored their first g ose egg, whi'e the boys in blue added three to their score. In the seventh ioning the Tombstone boys struck . batting streak and landed six runs some the catcher, linding a beau i ful drive over the left field tence. bringing in three runs, the bases at the time being full. The eighth inn ng netted five to the blue boys, while the locals scored a goose egg. At the beginning of the ninth the score stood 19 to 22 in layor of the locals. The first two men up for Husebuca struck out, the third reaching first on a short bit, but was fore-d out at second by a ball being bit to We leh which retired the side.

The game was full of interest from tart to finish. Both pitchers were hit quite freely but were not given the support they should bave had,

In the marter of strike outs White is credited with sight and Fredricks wish eir. Five men were presented with bases on balls on both sides. The batteries. White and Lopes for Tombetone and Fredricks and Ka-ev for Huachuca, did good work, Lopez eity council at its meeting tonight. especially, making two fine catches of fouls after running into the crowd for them.

A. W. Howe, of the Bisb acted as umpire and escaped without any serious damage.

The score by innings was as follows 123456780

MINING IN THE DRAGOON RANGE

ble Ore Deposits

The Dragoon mountains now aans and their fair supporters were days are coming in for a great deal of at ention, not only from owners of rom the general public in adjoining i-te. It has been given out time and egain that the Dragoons has been overrun and that consequently all the ore bearing claims have been taken up while to the contrary good claims are being discovered every few days and the claims under operation are turning out immense bodies of ore and determining the fact that the ore rups deep and widens as it goes Preparations are being made for a great amount of work, in different parts of the Diagoon mountains, and machinery is being matalled for the urpose. For some time it was thought that the Dragoons would never become heavy producers, es pecially the lime belt, as it was thought to be too loose to hold miner al of any kind, but it has been demonstrated that at fi.ty and seventyfive feet the lime gives away to tale. quartrite, quartz and the ore body is thus placed in evidence by the bringto the surface of rich ore. Every confidence is now felt by miners. stockholders and the public generally in the present and future greatness o the Dragoon mountains. Those who pay- stay-d with it and have pro-ecut ed the development work, through good an ! evil repute, will now rea. their richly deserved reward.

A new church is now on the way for Tombstone. Rev. Otto Anderson who recently arrived here has found considerable encouragement toward the organization of a Congregational church, and has been graciously received by the other churche. act of courtery and good will on their part he wishes gratefully to ack ow.

Last Sunday a committee waappointed to draft by-laws and a system of belief for the new courch and before long the new society will be launehed, Meetings are being held every Sunday at the city hall and arrangements are being made to provide for an organ, choir and other equipment necessary for the carrying on of the work.

The services of last Sunday were very well attend d, both morning and evening. The morning's subject was 'Does Christianity Narrow a Man', Life?", and it was conclud d that it one sense it does not, while in another sense it does. As to a man's intellectual, moral and spiritual li e it is broadening and deepening-it introduces him to all the good in the universe and denies him nothing. The only sense in which Christianit: leads to narro vness is commended by all. It requires one to be parrowly bones', uprig t and loving-not to be so broad that he will live a reckless life and disregard the rights of others.

The evening subject was upon the "Significance of Life," and brought out the great worth of a man's life and the carefulness with which he shou'd guard it.
